Bulletin #58-25

SUPPORT KAISER HEALTH CARE WORKERS ON STRIKE

Brothers and Sisters,

Starting October 14th, the United Nurses Associations of California/Union of Health Care Professionals (UNAC/UHCP) who represent 30,000 frontline health care workers at Kaiser Permanente are striking to demand fair wages, safe staffing, and respect on the job. This includes nurses, pharmacists, therapists, and many others who care for our families and communities every day.

WHY IT MATTERS

- Safe Staffing: Patients deserve caregivers who aren't overworked or stretched thin.
- Fair Wages: Inflation and rising costs have hit these workers hard they're asking for wages that keep up with the times.
- Respect & Voice: They want a real say in staffing and workplace decisions that affect patient care.

HOW WE CAN SUPPORT

We can stand with our Kaiser brothers and sisters by showing up on the picket line and demonstrating our solidarity. Your presence sends a powerful message that workers across industries stand united in the fight for fairness, dignity, and safe working conditions for all

When health care workers win, patients and communities' win. Let's stand shoulder to shoulder with them in this fight for dignity, safety, and justice.
