# ATTENTION ALL MECHANICS

The Union is urging each of you to submit your applications for the new PCMC posting. We firmly believe that the highly skilled mechanics from the rank and file already possess the necessary qualifications for these positions. There is no justification for PCMC to utilize the Herman Flynn process and recruit from the street when we have qualified mechanics within Local 13.

We fought hard to establish the M&R Training Center; a resource specifically designed to develop and upskill our workforce. The training center is a testament to our commitment to our members and demonstrates our ability to up-skill within the Union.

Allowing outside recruitment would not only undermine this agreement but also devalue the skills and qualifications our members already exhibit.

Fraternally,
