STRESS MANAGEMENT – Techniques and Strategies to Deal with Stress

If you're living with high levels of stress, you're putting your entire well-being at risk. Stress wreaks havoc on your emotional equilibrium, as well as your overall physical and mental health. It narrows your ability to think clearly, function effectively, and enjoy life.

To release stress, engage in activities that promote relaxation and reduce tension. This can involve physical activity like exercise or walking, mindfulness practices like meditation or deep breathing, and activities that bring joy and relaxation like hobbies or spending time in nature.

You can also try limiting exposure to stressful situations and seeking social support when needed.
